The diagram illustrates two pairs of earbuds. The left pair, which has a black band, is associated with the text 'Music Control - Play/Pause'. The right pair, which has a blue band, is associated with the text 'Music Control - Switch Songs'. Each earbud features a central circular button with a small dot in the center, flanked by two smaller buttons.

单

- The diagram illustrates three earphones, each featuring a circular touch control on the stem. The first two earphones are labeled with small circles containing '1' and '2' respectively, and are associated with text describing call control functions. The third earphone is labeled with a small circle containing '3' and is associated with text describing an incoming call handling function.
